

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

“Section 4. And be it further enacted, That if any person or persons whatsoever shall harbour, conceal or entertain any such apprentice, knowing him to be such, during the space of twenty-four hours, without his or her master's or mistress's consent, and shall not give notice thereof to his or her master or mistress, every such person or persons, offending in the premises, shall pay to the said master or mistress the sum of twenty shillings, for every day he shall so harbour, conceal or entertain such apprentice, to be recovered in a summary way, as debts under five pounds are by law directed to be recovered, if the same shall not exceed five pounds; if otherwise, to be recovered by action of debt, to be brought at the suit of the party injured, in any court of common pleas within this Province.

Be it enacted, &c., That on and after the first day of July, one thousand nine hundred and seven, appointments to, and promotions in, the civil service of the cities of the second class shall be made only according to qualifications and fitness, to be ascertained by examinations, which, so far as practicable, shall be competitive, as hereinafter provided. On and after the said date, no person shall be appointed, transferred, reinstated, or promoted as an officer, clerk, employe, or laborer in the civil service, under the government of any city of the second class, in any manner or by any means other than those prescribed in this act: Provided, however, That among those persons possessing equal qualifications, and eligible for appointment to any office, preference in appointment shall be given to honorably discharged soldiers and sailors who served in the army or navy of the United States during the War of the Rebellion: Provided further, however, That if the preference hereby provided for be, for any reason, invalid all the other provisions of this act shall remain in force, with like effect as if said preference had not been contained therein, it being the intention of the Legislature not to make the other provisions of the act dependent upon the validity of said preference.

The term "civil service" of a city shall include all offices, positions, and employments in which the officers or employes are paid by the city treasurer, either directly or through some official or agent, and all offices, positions, and employments in or under institutions, departments, boards, or commissions wherein the city, through any official or board or commission has the exclusive right to select the officials and employes.

Section 2. There shall be a Civil Service Commission in each city of the second class, consisting of three commissioners to be appointed by the mayor. The persons appointed commissioners shall be men in full sympathy with the purposes of this act. Not more than two of the said commissioners at any one time shall be adherents of the same political party. The commissioners in each city shall be appointed as follows: On the first day of July, one thousand nine hundred and seven, the mayor of each city of the second class shall appoint three commissioners, to serve until the expiration of his term of office and until their successors are appointed and qualified. The mayor shall appoint one

of the commissioners president of the commission. Whenever any vacancy shall exist in the office of president of the commission, the mayor shall have the right to appoint any member of the commission the president thereof, and the person so appointed shall serve as president until the expiration of his term. At the expiration of the terms of said commissioners the mayor of each city of the second class shall, after his induction into office, appoint commissioners to serve for the full term of the office of said mayor, and thereafter each mayor, on his induction, shall appoint three commissioners, under this act, to serve as Civil Service Commissioners for the full term of his office as mayor. The mayor may, at any time, remove a commissioner, for good cause, which shall be stated in writing and made part of the records of the commission, and fill such vacancy, or any other vacancy which may occur in said commission, by appointment of a successor, to serve for the remainder of the unexpired term. No commissioner shall hold any other office under the United States, the Commonwealth of Pennsylvania, or any city or county thereof; nor shall any commissioner serve on any political committee, or take any active part in the management of any political campaign. The salaries of the commissioners shall be fixed by the city councils; and the president of the commissioners shall receive a salary of not less than five hundred dollars per year, and each of the other commissioners shall be paid a salary of not less than two hundred and fifty dollars per year. The commissioners shall qualify by filing with the mayor an oath to perform faithfully the duties of their office.

Section 3. The Civil Service Commission, in each city of the second class, shall employ a chief examiner, who shall also act as secretary, and such other clerks, examiners, and employes as it may deem necessary or proper to carry out the purpose of this act. The clerks, examiners and employes shall receive salaries, to be fixed by the Civil Service Commission and approved by the mayor. Councils shall annually appropriate the sums necessary for the work of the commission.

Section 4. No officer or officers, having the power of appointment to, or employment in, the civil service of any city of the second class, shall, after the first day of July, one thousand nine hundred and seven, select or appoint any person for appointment, employment, promotion, or reinstatement except in accordance with the provisions of this act and the rules and regulations prescribed thereunder: Provided, That the power of the mayor to appoint special policemen in times of emergency or riot, as provided in article three, section one, of the act of March seventh, one thousand nine hundred and one, entitled "An act for the government

The Civil Service Commission may order from the proper authorities the necessary stationery, postage stamps, and official seal and other articles to be supplied, and the necessary printing to be done, for its official use. It shall be the duty of the officers of every city of the second class to aid the Civil Service Commission in all proper ways in carrying out the provisions of this act, and to allow the reasonable use of public buildings, and to heat and light the same, for holding examinations and investigations, and in all proper ways to facilitate the same.

The fees of such witnesses for attendance and travel shall be the same as for witnesses before the courts of common pleas, and shall be paid from the appropriation for the incidental expenses of the commission. All officers in the public service, and their deputies, clerks, subordinates, and employes, shall attend and testify when required to do so by said commission. Second.—One secretary and one confidential clerk to the mayor, and one confidential clerk to the director of each executive department. Third.—In addition to the above, there may be included in the exempt class other offices or positions, except laborers, for the filling of which competitive or non-competitive examinations shall be found by the Civil Service Commission to be impracticable. But no office or position shall be deemed to be in the exempt class unless it is specifically named in such class in the rules; and the reason for each such exemption shall be stated, separately, in the annual reports of the said commission. Not more than one appointment shall be made to, or under the title of, any such office or position, unless a different number is specifically mentioned in the rules. No office or position shall be classified by the commission in the exempt class, except after public hearing by the commission, or any member thereof. Section 13. The competitive class shall include all positions and employments now existing or hereafter created, of whatever functions, designations, or compensation, in each and every branch of the classified service, except such positions as are in the exempt class, the non-competitive class, or the labor class. Appointments shall be made to, or employment shall be given in, all positions in the competitive class that are not filled by promotion, reinstatement, transfer, or reduction, under the provisions of this act and the rules made in pursuance thereof, by appointment from among those certified to the appointing officer, in accordance with the provisions of section fourteen of this act. The term of eligibility of an applicant shall be fixed, for each list, by the Civil Service Commission, at not less than one nor more than three years. The names of those persons eligible for appointment shall always be listed and certified in the order of their gradings, beginning with the highest. Appointments shall be made from the eligible list most nearly appropriate, and a new and separate list shall be created only when there is no appropriate list existing from which appointments may be made. No person shall be appointed or employed under any title not appropriate to the duties to be performed; and no person shall be transferred to any position subject to a competitive examination unless he shall have previously passed an open, competitive examination equivalent to that required for such position.

Section 14. Every position or employment in the competitive class, unless filled by promotion, transfer, reinstatement, or reduction, shall be filled only in the following manner: The appointing officer shall notify the Civil Service Commission of any vacancy in the service which he desires to fill, and shall request the certification of eligibles. The commission shall forthwith certify, from the appropriate eligible list, the names of the three persons thereon who received the highest averages at examinations held under the provisions of this act. The appointing officer shall, thereupon, with sole reference to the relative merit and fitness of the candidates, make an appointment from the three names so certified: Provided, however, That should he make objection, to the commission, to one or more of these persons, for any of the reasons stated in section ten of this act, and should such objections be sustained by the commission, the commission shall thereupon strike the name of such person from the eligible list, and certify the next highest name for each person so stricken off. When there are a number of positions of the same kind to be filled at the same time, each appointment shall, nevertheless, be made separately and in accordance with the foregoing provisions.
Term of first appointments.	When an appointment is made under the provisions of this section, it shall be, in the first instance, for the probationary period of three months, as provided in section eight of this act. The provisions of this section
Exceptions.	(fourteen) shall not apply in making appointments to competitive positions which are specially excepted by the commission from competitive examinations under the authority conferred in section fifteen.
Without competition.	Section 15. Positions in the competitive class may be filled without competition, only as follows:—
Nominations.	First.—Whenever there are urgent reasons for filling a vacancy in any position in the competitive class, and there is no list of persons eligible for appointment after a competitive examination, the appointing officer may nominate a person to the Civil Service Commission for non-competitive examination; and if such nominee shall be certified by the said commission as qualified, after such non-competitive examination, he may be appointed provisionally, to fill such vacancy until a selection and appointment can be made after competitive examination, in the manner prescribed in section fourteen; but such provisional appointment shall not continue for a longer period than three months, nor shall successive provisional appointments be made to the same position, under this provision.
Provisional appointment.	
Exceptional qualifications.	Second.—In case of a vacancy in a position in the competitive class, where peculiar and exceptional qualifications of a scientific, professional, or educational character are required, and upon satisfactory evidence that, for specified reasons, competition in such special case is impracticable, and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the said commission may suspend the provisions of the statute requiring competition in such case; but each such suspension shall relate to only a single appointment, and shall not be general in its application to the position, and all such cases of suspension shall be reported in detail in the annual reports of the commission, with the reasons for the same.
Suspension of statutory provisions.	
Temporary service.	Third.—When the services to be rendered are of a temporary character and for a limited period, not to exceed six months, the appointing officer shall advise the commission, stating the duration of such period, the rate of compensation, and other conditions of em-

ployment, and may thereupon select for such temporary employment one of the first three persons on the appropriate eligible list who have expressed a willingness to accept a temporary appointment. Successive temporary appointments shall not be made under this clause; nor shall any person be eligible to temporary appointment if he has served under either a temporary or a provisional appointment, in the same office or department, within the previous six months. The acceptance or refusal, by an eligible, of a temporary appointment shall not affect his standing on the register for permanent employment, nor shall the period of temporary service be counted as a part of the probationary service in case of subsequent appointment to a permanent position. The acceptance of a temporary appointment shall not confer upon the eligible any of the rights of promotion, transfer, or reinstatement.

Appointment.

Section 16. Vacancies in positions in the competitive class shall be filled, so far as practicable, by promotions from among persons holding positions in a lower grade in the department, office, or institution in which the vacancy exists. Promotions shall be based upon merit, to be ascertained by tests to be provided by the Civil Service Commission, and upon the superior qualifications of the person promoted, as shown by his previous service and experience. The commission shall have the power to determine, in each instance, whether an increase in salary constitutes a promotion. No promotion shall be made to a position in the competitive class, from a position in another class, except after such competitive examination and certification as is provided for original entrance to the competitive class: Provided, however, That persons holding positions in the labor class may be promoted to positions in the lowest grade of the competitive class, upon promotion examinations as provided in this section, when such examination is specifically authorized by the commission. No person shall be promoted to a position, for original entrance to which there is required, by this act or the rules adopted pursuant thereto, an examination involving essential tests or qualifications different from or higher than those required for original entrance to positions held by such persons, except as above provided.

Section 19. The labor class shall include ordinary, unskilled laborers. Vacancies in the labor class shall be filled by appointment from lists of applicants registered by the Civil Service Commission. Preference in employment from such lists shall be given according to regulations to be prescribed by the commission. The commission may establish separate labor lists for various institutions and departments. The commission shall require an applicant for registration for the labor service, before he can be registered, to furnish such evidence or to pass such examinations as it may deem proper with respect to his age, residence, physical condition, capacity for labor, sobriety, industry, and experience in the kind of work for which he applies.

Section 20. No officer, clerk, or employe, in the competitive class or in the non-competitive class of the classified civil service of any city of the second class, who shall have been appointed under the provisions of this act, or of the rules made pursuant thereto, shall be removed, discharged, or reduced in pay or position except for just cause, which shall not be religious or political. Further, no such officer, clerk, or employe shall be removed, discharged, or reduced, except as provided in section eight of this act, until he shall have been furnished with a written statement of the reasons for such action, and been allowed to give the removing officer such written answer as the person sought to be removed may desire. In every case of such removal or reduction a copy of the statement of reasons therefor, and of the written answer thereto, shall be furnished to the Civil Service Commission, and entered upon its records. Nothing in this act shall limit the power of any officer to suspend a subordinate for a reasonable period, not exceeding thirty days: Provided, however, That successive suspensions shall not be allowed, except in special cases, where reasons of public importance make it necessary, and where the permission of the commission has first been obtained and recorded upon its public records. Section 23. No question in any form of application or in any examination shall be so framed as to elicit information concerning the political or religious opinions or affiliations of any applicant; nor shall any inquiry be made concerning such opinions or affiliations; and all disclosures thereof shall be discountenanced. AN ACT

Defining the rights and duties of water companies, and compelling them to furnish water to municipalities in which their source of supply is located, or forfeit their rights to a sufficient quantity of water from such sources as will supply the needs of such municipality, city, borough, or township, and the inhabitants thereof; also giving private and municipal water companies, organized under the provisions of this act, the right to condemn, take, and appropriate, with the consent and approval of the State Water Supply Commission, a sufficient quantity of water, from any source of supply lying within the corporate limits of the municipality, when such source of supply is not being utilized for supplying water to such municipality and the inhabitants thereof; also providing that water companies file statements with the State Water Supply Commission, under certain conditions, and making their failure to do so a misdemeanor, and prescribing penalties for a violation of the same.

Water companies.

Section 1. Be it enacted, &c., That from and after the passage of this act, any water company obtaining its water-supply, or any part thereof, from a source lying within the corporate limits of any municipality, city, borough, or township, in this Commonwealth, shall furnish such municipality and the inhabitants thereof with water, or otherwise forfeit its rights to a sufficient quantity of water, from such source, as will supply the needs of such municipality, city, borough, or township, and the inhabitants thereof.

Shall supply
water, or forfeit
rights.

Failure to supply.

Section 2. Should any water company fail to furnish water to any municipality, city, borough, or township, or the inhabitants thereof, under the conditions described in section one of this act, it shall be the duty of the city or borough council, the commissioners or supervisors of the township, as the case may be, to pass a resolution setting forth the fact that the municipality and the inhabitants thereof are not being served with water, and that they desire the same; a copy of which resolution shall be served on the president, secretary, or attorney of the water company having its source of supply within the corporate limits of the municipality thus affected; whereupon it shall be the duty of such water company to prepare a statement, setting forth in full its reasons for its failure to supply water to the affected district; which state-

ment must also include any plans in contemplation, if there be any, to supply water at some future time to such district, stating when such supply may be expected; which statement must be verified by oath or affirmation by the president or secretary of such water company, and filed with the State Water Supply Commission, at Harrisburg, within thirty days from the date of service of the original notice on such water company by the municipality affected.

Failure on the part of the president or secretary of such water company to file a statement, as above directed, shall be deemed a misdemeanor on their part, and, upon conviction thereof, they shall be sentenced to undergo an imprisonment not exceeding six months, and pay a fine not exceeding one thousand dollars, or either or both, at the discretion of the court. If, in the judgment of the State Water Supply Commission, the reasons filed are of such a character as to indicate that no relief will be given the municipality complaining, in the way of a water-supply, within a reasonable time, then said State Water Supply Commission may recommend to the Governor that letters patent be issued and a charter granted to any association of individuals who may legally form a water company, and who may apply for the same, and who will agree, in their application for a charter, to supply water to the municipality, city, borough, or township thus affected, and the inhabitants thereof, and for that purpose to have the right to condemn, take, or appropriate a sufficient quantity of water, from any source of supply lying within the corporate limits of any municipality, city, borough, or township thus affected, as is adequate to supply the needs of such municipality, city, borough, or township, and the inhabitants thereof: Provided, however, That any municipality, where conditions prevail such as are described in sections one and two of this act, shall have the right, with the consent and approval of the State Water Supply Commission, to condemn, take, or appropriate a sufficient quantity of water, from any source of supply lying within the corporate limits of any municipality or municipalities affected, as is adequate to meet the needs of such municipality or municipalities, and the inhabitants thereof, and no damages shall be collected by, or allowed to, any water company for any water appropriated under the provisions of this act.

AN ACT

To amend section thirty-two of an act, entitled "An act providing when, how, upon what property, and to what extent, liens shall be allowed for taxes, and for municipal improvements, and for the removal of nuisances; the procedure upon claims filed therefor; the methods for preserving such liens and enforcing payment of such claims; the effect of judicial sales of the properties liened, and the manner of distributing the proceeds of such sales," approved the fourth day of June, Anno Domini nineteen hundred and one; so as to provide that such claims shall not be divested, by any judicial sale of the property liened, as respects so much thereof as the proceeds of such sale may be insufficient to discharge.

Liens.

Section 1. Be it enacted, &c., That the thirty-second section of an act, entitled "An act providing when, how, upon what property, and to what extent, liens shall be allowed for taxes and for municipal improvements, and for the removal of nuisances; the procedure upon claims filed therefor; the methods for preserving such liens and enforcing payment of such claims; the effect of judicial sales of the properties liened, and the manner of distributing the proceeds of such sales," approved the fourth day of June, Anno Domini nineteen hundred and one, which reads as follows:—

Section 32, act of June 4, 1901, cited for amendment.

"Section 32. *A judicial sale of the property liened shall not discharge the lien of any other tax or municipal claim than that upon which such sale is had, except to the extent that the proceeds realized are sufficient for its payment, after paying the costs and expenses of the sale and of the writ upon which it was made. On any such sale being made, all tax claims shall be paid out of the proceeds thereof first, the oldest tax having priority, and municipal claims shall be paid next, the oldest in point of lien having priority. Mortgages, ground-rents, and other charges on, or estates in, the property, which were recorded, or created where recording is not required, before any tax other than for the current year accrued, or before the actual doing of the work in front of or upon the particular property for which the municipal claim is filed, shall not be disturbed by such sale unless a prior lien is also discharged thereby: Provided, however, That upon the petition of the plaintiff, in any such tax or municipal claim, setting forth that more than five years have elapsed since the filing of his claim; that he has exposed the property to sheriff's sale thereunder and was unable to obtain a bid sufficient to pay his claim in full; and, if a municipal claimant, that he will bid sufficient to pay all tax claims in full; and upon the production of searches or a title insurance policy, showing the state of the record and the ownership of*

the property, and of all liens, claims, mortgages, ground-rents, or other charges on, or estates in, the land, the court shall grant a rule upon all parties thus shown to be interested to appear and show cause why a decree should not be made that said property be sold, freed and clear of their respective claims, liens, charges, and estates. If upon hearing thereafter, the court is satisfied that personal service has been made of said rule upon the parties respondent, wherever found, and that the facts stated in the petition be true, it shall order and decree that said property be sold, freed and discharged of all tax and municipal claims, at a minimum bid sufficient to pay all tax claims in full, return thereof to be made to the court; and if, upon such return, it further appears that no sale was made, because no one was willing to bid a sum sufficient to pay the petitioner's claim in full, it shall further decree that said property be sold, clear of all such claims, liens, charges, and estates, at a minimum bid sufficient to pay all tax claims in full. If at the last-named sale no other person is willing to bid a sum sufficient to pay all tax claims in full, the property shall be knocked down to and title made to the treasurer of said county, for the benefit of the various tax claimants, in the order of priority hereinbefore set forth; and after the time for redemption has expired, said property may, under direction of said claimants or by decree of the proper court, be sold either at public or private sale, freed and discharged of all claims, and the proceeds realized therefrom distributed in accordance with the priority of said claims: Provided, further, That any person interested may, at any time before the sale, pay the petitioner the whole of his claim, with interest and costs, whereupon the proceedings on said petition shall at once determine.

"For the purpose of enabling the petitioner in any such proceeding to give the notice required, he may take the testimony of the defendant in the claim, or of any other person who he may have reason to believe has knowledge of the whereabouts of any of the parties respondent, either by deposition, commission, or letters rogatory," be and the same is hereby amended to read as follows:—

Section 32. *The lien of a tax or municipal claim shall not be divested, by any judicial sale of the property liened, as respects so much thereof as the proceeds of such sale may be insufficient to discharge; nor shall a judicial sale of the property liened, under a judgment obtained on a tax or municipal claim, discharge the lien of any other tax or municipal claim than that upon which such sale is had, except to the extent that the proceeds realized are sufficient for its payment, after paying the costs and expenses of the sale and of the*

Insane, feeble-minded, or epileptic.

Section 1. Be it enacted, &c., That whenever hereafter any person, being a resident of this State, shall become insane or feeble-minded or epileptic, or so mentally defective that he or she is unable to take care of his or her property, and in consequence thereof is liable to dissipate or lose the same, and to become the victim of designing persons, it shall be lawful for either the mother, father, brother, sister, husband, wife, child, next of kin, creditor, or, in the absence of such person or persons, or their inability, any other person, to present to the court of common pleas of the county in which said person to be cared for resides, his or her petition, under oath, setting forth the facts, praying the court to adjudge such person to be unable to take care of his or her property, and to appoint a guardian for the estate of such person.

Petition for appointment of a guardian.

Notice of hearing.

Section 2. Thereupon it shall be the duty of the court to fix a day for the hearing on such application, and direct that ten days' written notice thereof be given to the person against whom the petition is presented, and also to the other members of his or her family residing within the jurisdiction, and, if such person or persons cannot be found, then by notice by such publication as the court may think proper.

Hearing.

Section 3. Upon the day fixed for the hearing the court shall require the presence of the person against whom the petition is presented, unless there is positive testimony to the effect that such person cannot be brought into court with safety to him or herself. At such hearing the court shall take the testimony of all the parties in interest, and of such other witnesses as the petitioner and the person against whom proceedings are instituted, or any member of his or her family, he or she may see fit to summons, on the question of the inability of the person against whom the proceedings are taken to care for his or her property because of mental deficiency. If the court, on such hearing, shall be satisfied that the person against whom the proceedings are taken is not able, owing to insanity or weakness of mind, to take care of his or her property, then it shall be the duty of the court to

decide, and enter a decree accordingly, and appoint a guardian to take care of the same. Decree.

Section 4. If the person against whom the proceedings are taken shall demand in writing, prior to the decision of the court on such application, a trial by jury, it shall thereupon be the duty of the said court to award an issue, framed to determine the question of fact involved, and such trial shall be granted. Trial by jury.

Section 5. From and after a decree that the person, against whom the same is entered, is insane, or so weak in mind that he or she is unable to take care of his or her property, the said person shall be wholly incapable of making any contract or gift whatever, or any instrument in writing, and the entry of such decree shall be notice of such incapacity, and said person shall be a ward of the court appointing such guardian. Decree shall be notice of incapacity.

Section 6. The guardian, so appointed, shall have precisely the same powers, and be subject to the same duties, as a committee on lunacy in the State of Pennsylvania. The court appointing such guardian shall have full power over the same, in directing an allowance for the said ward and for the support and maintenance of his wife, or his or her children, and the education of his or her minor children; and shall enter a decree of sale, mortgaging, leasing, or conveyance upon ground-rent of the real estate, or any part thereof, of the said ward, whenever in the opinion of the court it is necessary for the support and maintenance of the said ward or his family, or the education of his or her minor children, or the payment of his or her debts, or where it is for the interest and advantage of the said ward that the same shall be sold, mortgaged, leased, or let on ground-rent; and all absolute sales in fee simple, except as hereinafter provided, shall be by public sale or vendue, and may be either entirely for cash or partly on credit, and after full advertisement for at least twenty days by handbills, posted in at least twenty of the most public places in the city or county where the said premises shall be situated, and in at least two newspapers, not less than three times in each: Provided, That if the court shall be of the opinion that, under the circumstances, a better price can be obtained by private sale than at public sale, the court may decree and approve the same. Such sale, mortgaging, leasing, and letting on ground-rent shall be upon terms and rates to be approved by the court. When the said real estate is situated in the same county in which the said person shall reside, or in another county, or counties, and the court shall be satisfied of the propriety of a sale, mortgaging, or leasing, or letting on ground-rent, upon such real estate, or any part thereof, not within their jurisdiction, it shall be lawful for such court to make Powers and duties of guardian.

an order or decree authorizing such guardian to sell, mortgage, lease, or let upon ground-rent all the real estate of the ward, or so much thereof as the court may think necessary and as it may designate. Thereupon it shall be the duty of the court of common pleas of the county wherein the real estate so designated is situated, upon the petition of such guardian, to make an order for the sale, mortgaging, leasing, or letting upon ground-rent of said real estate, or so much thereof as the court appointing said guardian by its order shall designate; and such guardian shall, in all cases, make a return of his proceedings to the said court, in the county in which the real estate was sold, mortgaged, leased or let upon ground-rent shall be found, only. If the same be approved by the court, it shall be confirmed, and said guardian shall make a return of said proceedings to the court by which said guardian was appointed. The said guardian shall give such bonds and file such accounts, at such periods, as the court shall determine.

Section 7. If, at any time after the decree has been entered, the person against whom such proceedings are taken shall become able to care for his or her property, he or she, or any one of his or her family, or next of kin, may petition to the court, setting forth such fact; and, after a hearing, of which due notice shall be given to such person so afflicted, and to all members of the family and next of kin of the said person, if the court shall find that the said person so afflicted has regained the ability to care for his or her property, the court shall so decree, and shall discharge the guardian; and thereupon the said person shall be, so far as the care of his or her property or person shall be concerned, for the future, the same as if the proceedings against him or her had never been taken.

Section 8. Any person aggrieved by the final decree of the courts of common pleas may, within three months from the time of the entry of said decree, appeal to the Superior Court of the State, and such court may confirm, reverse, or modify the decree entered in the lower court.

First. If any substance has been mixed and packed with it so as to reduce or lower, or injuriously affect, its quality or strength.

Second. If any substance has been substituted, wholly or in part, for the article.

Third. If any valuable constituent of the article has been wholly or in part abstracted.

Fourth. If it be mixed, colored, powdered, coated, or stained in a manner whereby damage or inferiority is concealed.

Fifth. If it contains any added substance or ingredient which is poisonous or injurious to health: Provided, however, That no action shall be brought or sustained for violation of the provisions of this section when the article alleged to be adulterated is not adulterated within the meaning of the provisions of the "Food and Drugs Act" of June thirtieth, one thousand nine hundred and six, enacted by the Senate and House of Representatives of the United States

Proviso. of America, in Congress assembled, and the rules and regulations promulgated, from time to time, for the enforcement of the same: And provided, further, That when, in the preparation of food products for shipment, they are preserved by any external application, applied in such manner that the preservative is necessarily removed mechanically, or by maceration in water, or otherwise, and directions for the removal of said preservative shall be printed on the covering of the package, the provisions of this act shall be construed as applying only when said products are ready for consumption.

Sixth. If it consists in whole or in part of a filthy, decomposed, or putrid animal, fish, or vegetable substance, or any portion of an animal or fish, unfit for food, whether manufactured or not; or if it be the product of a diseased animal or fish, or an animal that has died otherwise than by slaughter.

Proviso.

Misbranded defined.

Section 6. That the term "misbranded," as used herein, shall apply to all articles of food, or articles which enter into the composition of food, the package or label of which shall bear any statement, design, or device regarding such article, or the ingredients or substances contained therein, which shall be false or misleading in any particular, and to any food product which is falsely branded as to the State, territory, or country in which it is manufactured or produced.

Misbranding of food.

That for the purpose of this act, an article shall also be deemed to be misbranded—

In the case of Food:

First. If it be an imitation of, or offered for sale under the distinctive name of, another article.

Second. If it is labeled or branded so as to deceive or mislead the purchaser, or purport to be a foreign product when not so, or if the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package.

Third. If in package form, and the contents are stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package.

Fourth. If the package containing it, or its label, shall bear any statement, design, or device, regarding the ingredients or the substances contained therein, which statement, design, or device shall be false or misleading in any particular.

Provided, That an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in the following cases:—

Proviso.

First. In the case of mixtures or compounds which may be now, or from time to time hereafter, known as articles of food, under their own distinctive names, and not an imitation of, or offered for sale under, the distinctive name of another article, if the same be accompanied on the same label or brand with a statement of the place where said article has been manufactured or produced.

Exceptions.

Second. In the case of articles labeled, branded, or tagged so as to plainly indicate that they are compounds, imitations, or blends, and the word "compound," "imitation," or "blend," as the case may be, is plainly stated on the package in which it is offered for sale: Provided, That the term "blend," as used herein, shall be construed to mean a mixture of like substances, not excluding harmless coloring or flavoring ingredients used for the purpose of coloring and flavoring only: And provided, further, That nothing in this act shall be construed as requiring or compelling proprietors or manufacturers of proprietary goods, which contain no unwholesome added ingredients, to disclose their trade formulae, except in so far as the provisions of this act may require to secure freedom from adulteration or misbranding.

Exceptions.

Section 7. Whenever the Dairy and Food Commissioner or his agents shall obtain an article for the purpose of determining whether or not the same is adulterated or misbranded within the meaning of this act, two like samples shall be obtained where the article is in the original package, or, if not in the original package, then two portions shall be obtained and each of the portions sealed. One of the said samples shall be delivered to the Dairy and Food Commissioner and by him preserved in the condition in which it was obtained, and under the seal placed thereon by the agent procuring the same, and shall remain in the custody and possession of the Dairy and Food Commissioner until such time as it shall be determined whether or not any action shall be brought against the person from whom the article was obtained, for violation of the provisions of this act. If an action shall be brought against the party from whom the article was obtained, for violation of the provisions of this act, it shall be lawful for the person from whom the said sample was obtained to make application to

No prosecution shall be sustained under the provisions of this act, for the selling or offering for sale, or having in possession with intent to sell, any article or goods, as defined herein, when the same is found to be adulterated or misbranded within the meaning of this act, when the accused can establish a guaranty, signed by the person residing in the United States from whom such article was purchased, to the effect that the same is not adulterated or misbranded within the meaning of this act, designating it, or within the meaning of the "Food and Drugs Act," June thirtieth, one thousand nine hundred and six, enacted by the Senate and House of Representatives of the United States of America, in Congress assembled: Provided, however, That if the article in question is in a broken or open package, said guaranty shall not afford immunity from prosecution, unless such person shall furnish satisfactory proof that the article has not been changed in quality. The affidavit of such person shall be accepted as such proof, and the person making such affidavit falsely shall be guilty of perjury, and punished accordingly: And provided, moreover, That every person giving a guaranty under the provisions of this act shall be held responsible for the adulteration or misbranding of any article or goods sold under said guaranty, and shall be subject to the penalties for the violation of the provisions of this act.

Responsibility of guaranty. Said guaranty to afford protection shall contain the name and address of the person making the sale of

such articles to such dealer, and, in such case, the said person shall be amenable to the prosecution, fines, and other penalties which would attach, in due course, to the dealer, under the provisions of this act, when said articles are found to be adulterated or misbranded: Provided, That no such guaranty shall operate as a defense to prosecution for the violation of this act, if the dealer shall continue to sell after written notice by the Dairy and Food Commissioner that such article is adulterated or misbranded within the meaning of this act.

Provided.

Sale after written notice.

Any person who shall have been adjudged to have violated any of the provisions of this act, by reason of the purchase or sale of an article adulterated or misbranded within the meaning of this act, and who shall have purchased the article, so found to be adulterated or misbranded within the meaning of this act, under a guaranty from the vendor thereof, to the effect that the same is not adulterated or misbranded within the meaning of this act, or the act of Congress passed June thirty, nineteen hundred and six, shall have a right of action against the guarantor for the recovery of such damages as shall have been sustained by reason of such adulteration or misbranding; and such person shall, in addition thereto, be entitled to recover punitive damages; and such person shall further have the right to set off any sum or sums of money which shall have been incurred and paid in the defense of any action, which shall have been instituted against said person for the violation of any of the provisions of this act, against any claim or right of action which the guarantor may have, arising out of the sale of the article or articles in question, or otherwise, and which shall include all expenses and reasonable attorney's fees.

AN ACT

To amend the act of February seventeenth, one thousand nine hundred and six, entitled "An act to provide for the personal registration of electors in cities of the first and second classes of this Commonwealth, to make such registration a condition of the right to vote in such cities, and to provide penalties for violations of its provisions:" by changing the days and hours of registration; providing an additional registration day for the Spring primary; providing that foreign-born citizens, unable to produce their fathers' naturalization papers, may be registered upon making affidavit; providing for the registration of citizens between the February election and the Spring primary; altering the procedure of the appointment of registrars, of appeals to the commissioners and to the courts, and providing that proper notice of each be given; providing that registered persons shall be entitled to vote, only in case they have not since registration become disqualified; enlarging the powers of the registration commissioners in certain particulars; altering the phraseology of the act so as to make it clear that electors may register at either fall or winter periods, that they may be registered by the commissioners only if ill or absent on all the registration days, and that the lists shall become of no validity at the beginning of the new registration period; providing that the lists shall be preserved for two years, that an applicant for registration, unable to write, shall make affidavit of the fact; providing that the registrars shall notify the registration commissioners of the registration of persons previously registered in the same city; and making certain verbal corrections in the language of the same.

Section 1. Be it enacted, &c., That section five of the act of February seventeenth, one thousand nine hundred and six, to which this is an amendment, which reads as follows:—

Personal registration.

"Section 5. The commissioners shall, not later than August fifteenth of each year, appoint four registrars for each election district, as herein provided. The registrars must be duly qualified electors of the said district; and shall have been residents of the city for a period of two years, and of the ward for one year, immediately preceding their appointment. They must be sober and judicious persons, of good moral character, able to read intelligently and to write legibly. Two of the registrars shall be members of the party polling the highest vote within the election district at the last preceding election, and two shall be members of the parties polling the next highest number of votes. The commissioners shall provide at all times a board of registrars, not more than two of whom shall be of the same political faith. If, therefore, it appears at any time that, by reason of a change in political affiliations or because of error in the appointment, a Board is not so divided, any ten electors of the ward may file a petition with the commissioners, setting forth the facts, and praying that one or more of the appointments may be revoked, and that other appointments may be made. The commissioners shall grant

a public hearing, and, if they find the facts to be as represented, shall give the relief asked for; but no registrar shall be removed merely because his party, at an election following his appointment, has polled a less number of votes in the district than two other parties. No person who holds, or is a candidate for, a public office shall act as registrar. Two of the said registrars, *of opposing parties*, shall be designated by the commissioners to have charge of the two registers, as hereinafter provided.

"The names of four persons *suitable to be registrars* shall be suggested to the commissioners, by petitions duly filed, for each district: two by *each of* the district executive committees, if such exist, and, if not, by the ward executive committees if such exist; and, if not, by the city committee *of the two leading parties of the district*. These petitions shall be signed by five electors of the ward, and shall set forth the names, addresses, occupations, and political affiliations of the persons suggested. At least one of the signers of the petitions shall swear to the truth of the facts set forth therein. The petitions shall remain on file, open to the public inspection, at least ten days before the persons named therein shall be appointed, except in cases where a vacancy occurs in the office of registrar within ten days of a registration day. If no petitions are filed, the commissioners may appoint without regard to party. No appointment shall be made unless the person to be appointed has personally appeared before the commissioners, and has satisfied them of his qualifications; but in case of a reappointment, it shall not be necessary for the person so reappointed to be summoned. At least one week's notice of the time and place of the examination *of suggested registrars, and of their appointment*, shall be published by the commissioners in two daily newspapers in the city. Any elector may appear, *either by person or by counsel*, and show wherein any person, so under consideration, does not possess the qualifications of a registrar. If the persons nominated are found not to be properly qualified, the commissioners may decline to appoint them; and the district executive committee, ward executive committee, or city committee shall then suggest other names, as aforesaid.

"No person shall be appointed a registrar unless the appointment is approved by three commissioners: *Provided*, That if two commissioners have concurred in approving four persons, successively, to fill one position, and the other two commissioners have concurred in objecting to said persons, the commissioners first referred to may approve four other names; and from these eight, all having been suggested by petition, the other two commissioners must select the registrar.

"The commissioners shall have power to summon any person whom they desire to interrogate. Any person so appointed a registrar must perform his duties as prescribed by this act, unless excused therefrom by the commissioners, for cause shown. The registrars shall receive a compensation of *five* dollars per day, for the time actually spent in registration," be and the same is hereby amended so as to read as follows:—

In relation to equitable proceedings wherein it is, or might have been, alleged that there was an adequate remedy at law.

Equitable proceedings.

Demurrer or answer.

Proviso.

Averment.

Decision.

Rule to show cause.

Section 1. Be it enacted, &c., That when a bill in equity has been filed in any court of this Commonwealth, if the defendant desires to question the jurisdiction of the court, upon the ground that the suit should have been brought at law, he must do so by demurrer or answer, explicitly so stating, or praying the court to award an issue or issues to try questions of fact; otherwise, the right of trial by jury shall be deemed to have been waived by both parties, and the cause shall proceed to a final determination by said court and upon appeal, with the same effect as if upon a hearing before the court, without a jury, upon agreement filed: Provided, That this shall not alter or affect the duty of the chancellor to dismiss the bill if the facts therein averred, as showing or tending to show the right to relief, be not substantially proved at the trial.

Section 2. If a demurrer or answer be filed, averring that the suit should have been brought at law, that issue shall be decided in limine, before a hearing of the cause upon the merits. If the court shall decide that a court of equity has jurisdiction, the plaintiff shall not thereafter be permitted to question the decision upon that ground, nor shall a decree in defendant's favor be reversed or set aside because the suit should have been brought at law. If the court shall decide that the suit should have been brought at law, it shall certify the cause to the law side of the court, at the costs of plaintiff; and no further proceedings shall be had at the instance of plaintiff until these costs are paid, except that he may appeal from the order made. In addition, the defendant shall be entitled, at any time, to enter and serve a rule to show cause why the suit should not be dismissed, unless said costs are paid within fifteen days. Said rule shall be of course, and, upon failure to pay, the court shall dismiss the bill at plaintiff's costs.

Section 3. If upon an appeal, after a decision upon the merits, the question whether the suit should have been brought at law is not specifically raised by the defendant's assignments of error, the question shall be deemed to have been waived, and the decree below shall not be reversed or set aside because the suit should have been brought at law. If it is so raised, and the decision of the appellate court is that the suit should have been brought at law, it shall remit the cause to the court below, with directions to transfer it to the law side of that court, all the costs in the cause to abide the final determination thereof in the court of law. The plaintiff shall not be permitted to raise the question upon his appeal after a decision upon the merits, nor shall the decree below be reversed or set aside upon his appeal, because the suit should have been brought at law.

AN ACT

To commemorate the heroism, sacrifices, and patriotism of the members of the Sixty-seventh, Eighty-seventh, and the One Hundred and Thirty-eighth Regiments of the Pennsylvania Volunteer Infantry, at the battle of Monocacy, July ninth, one thousand eight hundred and sixty-four, by the erection and dedication, upon the battlefield of Monocacy, of a suitable monument; creating a Commission for that purpose, to be known as the Monocacy Monument Commission, and furnishing transportation to the honorably discharged survivors of said regiments, and State officials and guests, to attend the unveiling and dedication of said monument, and making the necessary appropriation therefor.

Preamble.

Whereas, The battle of Monocacy, fought July ninth, one thousand eight hundred and sixty-four, was one of the most important engagements fought during the war for the suppression of the rebellion, and of which General U. S. Grant, in his personal memoirs, says: "The situation in Washington was precarious. * * * * * He, Wallace, moved with commendable promptitude, and met the enemy at Monocacy. He could hardly have expected to gain a victory, but hoped to cripple and delay the enemy until Washington could be put in a state of preparation to meet Early. * * * * * Whether the delay caused by the battle amounted to a day or not, General Wallace contributed on this occasion a greater benefit to the cause than often falls to the lot of a commander of an equal force to render by means of a victory;" and

Whereas, The Sixty-seventh, Eighty-seventh, and One Hundred and Thirty-eighth Regiments of Pennsylvania Volunteer Infantry have no monument on any of the many battlefields on which they fought and lost heavily, it would seem but fitting and proper, in view of the many monuments provided by the Commonwealth for other regiments, that the three regiments above named should have fitting recognition; therefore,—

For the relief of Charles Francis Judson and Oliver Boyce Judson, substituted trustees under the will of Thomas McEuen, late of the city of Philadelphia, deceased, refunding the sum of sixteen hundred and thirty-five and sixty-five one hundredth dollars, being an overpayment to the Commonwealth of Pennsylvania of collateral inheritance tax.

Preamble.

Whereas, Charles Francis Judson and Oliver Boyce Judson, substituted trustees under the will of Thomas McEuen, deceased, appointed by the orphans' court of Philadelphia county, paid on April thirty, one thousand nine hundred and four, to the register of wills of Philadelphia county the sum of six thousand and eighty-one dollars, being five per centum on one hun-

dred and twenty-one thousand six hundred and thirty dollars, the principal of decedent's residuary estate, held in trust as to one-half part thereof for the benefit of Elizabeth Boyce Judson, a niece of decedent, for life, with remainder to her children, and as to the other half part thereof for the benefit of William Boyce, a grandnephew of decedent, for life, with remainder to his children;

And whereas, Said trustees supposed the entire trust estate was subject to collateral inheritance tax, and at the time said tax was paid the said Elizabeth Boyce Judson was, and is, living, and had three children who are still living, and the said William Boyce was living and without children; but there being no gift over in said will of William Boyce's share of said estate, in case he died without children, it was believed his share thereof would pass, under the intestate laws of Pennsylvania, to decedent's next of kin, believed by said trustees to be Elizabeth Boyce Judson, a niece of decedent;

And whereas, Said William Boyce died on January twenty-two, one thousand nine hundred and seven, without issue, and it is now ascertained that decedent's next of kin to take the above-mentioned share of his estate are not collateral, but lineal, descendants, namely, a son Malcolm, who died in one thousand eight hundred and seventy-five, leaving a will, and a daughter, Elizabeth Hunt, who died in one thousand nine hundred and three, intestate and without issue, domiciled in the State of Massachusetts, leaving a husband, such next of kin being ascertained as of the date of decedent's death in one thousand eight hundred and seventy-three;

And whereas, The tax so overpaid amounted to one thousand six hundred and thirty-five dollars and sixty-five cents, and under existing law such overpayment cannot be refunded by the State Treasurer unless applied for within two years from the date of payment, which time has now expired, and such payment having been made in good faith and in the honest belief that the amount so paid was due to the Commonwealth of Pennsylvania, it is only just and proper that such overpayment should be refunded.

Section 1. Be it enacted, &c., That the State Treasurer is hereby authorized and directed to pay the sum of one thousand six hundred and thirty-five dollars and sixty-five cents to Charles Francis Judson and Oliver Boyce Judson, substituted trustees under the will of Thomas McEuen, late of the city of Philadelphia, deceased; the said sum to be paid on the warrant of the Auditor General to the order of the said Charles Francis Judson and Oliver Boyce Judson, substituted trustees as aforesaid; but no warrant shall be drawn until the register of wills of Philadelphia

AN ACT

To appropriate the sum of fifteen thousand dollars, or so much thereof as may be required, for the purpose of draining Pymatuning Swamp in Crawford County, and improving the highways therein; authorizing the State Highway Department to make a survey of, and decide upon the best method of draining, said swamp, and to let contracts for making channels for draining same, and to draw money from the State Treasury, appropriated for that purpose, to pay therefor.

Whereas, In the construction of the Erie extension of the Pennsylvania Canal, by the Commonwealth of Pennsylvania, in Crawford County, along and through the Pymatuning Swamp, which covers about eight thousand acres of land, dikes and embankments were made that changed the course and dammed streams flowing from, and conducted the flow of water of other streams into, said swamp, which continues to exist since the abandonment of said canal, making the flow of water into said swamp much greater and the drainage thereof much more difficult and expensive than it would have been had the Commonwealth not constructed said canal;

And whereas, There are many miles of highway running through said swamp that it is very expensive to maintain, that would be greatly improved by draining said swamp, now therefore:—

Section 1. Be it enacted, &c., That the sum of fifteen thousand dollars, or so much thereof as may be required, be and the same is hereby appropriated out of the moneys in the Treasury of the Commonwealth, not otherwise appropriated, for the purpose of draining the Pymatuning Swamp in Crawford County and improving the highways therein.

Section 2. The State Highway Department is hereby authorized and directed to make a survey of said Pymatuning Swamp, and decide upon the best course and method of making channels for draining the same and improving the highways therein; to advertise for proposals, and let contracts for making such channels and draining said swamp to the lowest and best bidder, and draw money from the Treasury of the Commonwealth, appropriated by the first section of this act to pay therefor, in the same manner as is now done by law in cases of improvement of highways by the said State Highway Department: Provided, however, That the plans shall be approved by the Water Commission.

Section 3. All acts or parts of acts inconsistent with the provisions of this act be and the same are hereby repealed: Provided, however, That no part of the sum hereby appropriated shall become available

Whereas, In the construction of the Erie extension of the Pennsylvania Canal, by the Commonwealth of Pennsylvania, in Crawford County, along and through the Pymatuning Swamp, which covers about eight thousand acres of land, dikes and embankments were made that changed the course and dammed streams flowing from, and conducted the flow of water of other streams into, said swamp, which continues to exist since the abandonment of said canal, making the flow of water into said swamp much greater and the drainage thereof much more difficult and expensive than it would have been had the Commonwealth not constructed said canal;

Whereas.

In the Senate, March 25, 1907.

Authorizing the readjustment of the rank of John C. Delaney, and providing for his promotion and commission to the rank of Captain in "I" Company, 107th Regiment, Pennsylvania Volunteer Infantry.

Whereas, The records of the Adjutant General's Department show that John C. Delaney was mustered into the United States service on the fifth day of March, 1862, as a private soldier of I Company, of the 107th Regiment, Pennsylvania Volunteer Infantry, in

which Regiment he continued to serve until the close of the Civil War, when he was mustered out as Second Lieutenant of said Company, on the 13th day of July, 1865; and

Whereas, John C. Delaney, when he enlisted, as aforesaid, was a boy of scarcely fourteen years of age, and before the close of his first year of service was seriously wounded in the Battle of Antietam, and although suffering a disability from the wound he there received, and from other disabilities occurring in his three and one-half year service in the cause of the Union, he has never asked for or been a recipient of a pension from the United States Government from the disabilities thus incurred; and

Whereas, His record as a soldier in the great War of the Rebellion is resplendent, as indicated in the commendations from company, regimental and brigade commanders, who certify to his brilliant and heroic deeds, the presentation to him of a medal of honor by the President of the United States, by virtue of an act of Congress, approved March 3rd, 1863, for most distinguished services in battle on the 6th day of February, 1865, in the State of Virginia, together with the presentation to him of a beautiful sword, in whose inscription the limitless affection of the men he commanded is shown,—all speak most eloquently of the merits of this young, typical American soldier, presenting as it does a record of distinguished services rarely excelled in the history of Wars; and

Whereas, During the last winter of the Rebellion, including the campaigns around Petersburg and the battles fought in the victorious march to Appomattox, the said John C. Delaney, having risen to the rank of Sergeant, he commanded during this entire time his own company, and, a portion of the time, another company of the regiment, which, like his own, was left without any commissioned officer; and

Whereas, The said John C. Delaney was promoted to the rank of second lieutenant May 20th, 1865, and commissioned first lieutenant July 7th, 1865, and held that rank and commanded his company until its muster out; and

Whereas, In the confusion that existed after the surrender at Appomattox, many officers of the old army, who had rendered distinguished services, were not promoted and given that rank to which their long and faithful services in command of troops entitled them, and were mustered out at a lower rank than the usages of the service have generally accorded such officers, as in the case of the said John C. Delaney, who was mustered out as a lieutenant, when, by all customs, usages, and in justice to him for distinguished services rendered, he should have been mustered out as Captain of his company; therefore, be it

Resolved, That the General Assembly of the Commonwealth of Pennsylvania hereby places upon record its appreciation of the valor, heroism and distinguished services during the Civil War of the said John C. Delaney, of "I" Company, 107th Regiment Pennsylvania Veteran Volunteer Infantry, who filled the position, performed the duties and bore the responsibilities of Captain of said company during that renowned period in which the great campaign was waged that terminated at Appomattox, ranking only as a lieutenant when, in justice, he should have had conferred upon him the rank of and have been commissioned a Captain in the United States Volunteers; and be it further

Resolved, That the Adjutant General of the Commonwealth be and he is hereby authorized and directed to place with the muster-out roll of "I" Company, 107th Regiment, Pennsylvania Veteran Volunteer Infantry, a copy of these preambles and resolutions.

Authorizing and directing the Adjutant General to file in his office a record of the services of the "Worth Infantry" and "York Rifles," of York, Pennsylvania, at the opening of the War of the Rebellion, and authorizing and directing the Adjutant General to incorporate in his next annual report a copy of this resolution.

Whereas, Two companies of militia, of York, Pennsylvania, known as the "Worth Infantry" and the "York Rifles," on April 15th, 1861, upon receipt of the news of the firing upon Fort Sumpter, which marked the opening of the War of the Rebellion, offered their services to the Secretary of War of the United States and "his Excellency Andrew G. Curtin, Governor of the Commonwealth of Pennsylvania," and

Whereas, The said services were accepted by his Excellency Andrew G. Curtin, Governor of the Commonwealth of Pennsylvania, and the said "Worth Infantry" and "York Rifles" were instructed to hold themselves in readiness to move at the call of their respective Captains; and

Whereas, On April 20th, 1861, after the Sixth Massachusetts Regiment while passing through the streets of Baltimore had been attacked by a mob, upon orders from Generals Keim and Cadwallader the said "Worth

Infantry" and "York Rifles," fully uniformed, armed and equipped left York, Pennsylvania, at eleven o'clock post meridian, for Parktown, Maryland, which point they reached on April 21st, 1861, at two o'clock ante meridian, and immediately proceeded to do picket duty and to guard the bridges of the Northern Central Railroad, which were being destroyed so as to prevent the transportation of Union troops to the seat of war; and

Whereas, A careful investigation of the records and files of the Adjutant General's office discloses the fact that there is no record of the services rendered at the opening of the War of the Rebellion by the said "Worth Infantry" and "York Rifles," but which services were recognized by the Legislature of Pennsylvania by an act of Assembly approved the 31st day of May, 1893, appropriating the sum of three hundred dollars for the purchase of appropriate medals with commemorating devices, to be presented to each surviving member of the said "Worth Infantry" and "York Rifles," which medals were presented to the then surviving members of the said "Worth Infantry" and "York Rifles," at York, Pennsylvania, by his Excellency Robert E. Pattison, Governor of Pennsylvania; therefore, for the purpose of preserving a record of the said services of the said "Worth Infantry" and "York Rifles" at the opening of the War of the Rebellion, be it

Resolved (if the House of Representatives concur). That the Adjutant General of the Commonwealth of Pennsylvania be and is hereby authorized and directed to file in his office a record of the movements of the said "Worth Infantry" and "York Rifles" at the opening of the War of the Rebellion, taken from the minutes of the meetings of the said "Worth Infantry" and "York Rifles," properly authenticated by affidavit and accompanying this resolution, together with a roster of the members of the said "Worth Infantry" and "York Rifles," and that the said Adjutant General be and is hereby authorized and directed to incorporate in his next annual report a copy of this resolution.
